Creative Skills: Visual Storytelling, Storyboarding, Character Design, Creature Design, Environment Design, Prop Design, Brand Visual Development, Color Scripting, Cinematic Composition

Design & Collaboration Tools: Figma, Photoshop, Illustrator, Procreate, Wacom

EXPERIENCE

AI Storyboard & Video Artist | Crazy Maple Studio | Jan 2026 – Present

- Contributed to two AI-driven drama series released on ReelShort, supporting visual development, AI video generation, and short-form cinematic storytelling.
- Researched and developed AI drama workflows, including prompt systems, shot generation, style consistency, and asset preparation for production.
- Created and refined AI-generated assets, storyboard references, and cinematic scene outputs for internal creative projects.
- Collaborated with creative leads to improve AI-assisted production pipelines for episodic vertical drama content.

AI Artist | Tidda Labs | Sep 2025 - Dec 2025

- Created AI-driven commercial videos and brand visuals for short-form social media campaigns.
- Produced vertical video ads featuring a virtual AI ambassador, optimized for TikTok, Instagram, and YouTube Shorts.
- Curated and refined AI-generated outputs to deliver platform-ready brand assets with strong visual clarity.

AI Artist & Illustrator | New Vision Creative Studio | Jul 2025 - Nov 2025

- Designed and produced short-form romantic/comedic comics combining AI-assisted ideation with traditional illustration.
- Explored AI-driven color, mood, and style variations, then refined outputs with digital painting techniques.
- Grew an engaged audience of 16.5k likes across the first ten posts.

Webcomic Illustrator | Storygrounds | Sep 2023 - Jul 2025

- Designed characters, environments, and episodic illustrations for *My Boss Is Ghosting Me*, the platform's first original series.
- Collaborated with writer and producer to refine expressions, gestures, and comedic timing through illustration.
- Worked within a platform integrating AI-assisted content tools, adapting creative decisions to AI-supported workflows.

Storyboard Artist Internship | The DreamArc Studio | Mar 2023 - Sep 2023

- Produced cinematic storyboards and concept sketches for feature animation sequences, working directly from script breakdowns.
- Applied character blocking, environment layout, and staging principles to support director's vision.
